

LABEL HOLDER for shelving system FERMOSTOCK

- Label holder for the shelving systems FERMOSTOCK 6611/R and 6622/R.
- Indicate any information regarding the products being stored (expiry date, barcode, customer's name...).
- The information can be written on a paper label* or directly onto the label holder (erasable or permanent marker).
- Simple and easy mounting through clipping onto the side bar.
- Removable and easy repositioning.
- No adhesive labels required (no risk of detachment).
- Put barcodes taken from packaging directly into the label holder.
- Sold individually for a maximum label size of 100x52 mm*.
